General Instructions

You have been hired as a Financial Assistant and will be keeping the accounting records for Professional Business Associates, located at 5454 Cleveland Avenue, Columbus, Ohio 43231. Professional Business Associates provides accounting and other financial services for clients. You will complete jobs for Professional Business Associates' own accounting records and maintain accounting records for clients as well.

You will have 90 minutes to complete your work. The test consists of three sections which can be completed in any order.

Attach the label provided by the proctor or write your contestant number in the upper right-hand corner of this test. Your name and/or school name **must not** appear on any work you submit for grading. Staple all pages in order before you turn in your test.

Round calculations to two decimal places unless instructed otherwise.

Use 360 days for calculating interest.

Good Luck!

Multiple Choice Questions:

Choose the best answer for each of the following questions and record your answer on the Scantron form provided.

1. When a bankcard sale is entered in the general journal, what account is debited?
 - a. Bankcard Accounts Receivable
 - b. Sales
 - c. Bankcard Fees Expense
 - d. Cash

2. If bankcard fees are automatically deducted from the checking account of a merchandising business, how will the transaction be journalized?
 - a. debit Cash and credit Sales

Company policy specifies that returned check fees will be charged to the customer. What journal entry(s) should be made to journalize the returned check?

General Journal					
Date	Account Title	Doc No.	Post Ref.	Debit	Credit
2012					

9. Based on the following data, estimate the cost of ending merchandise inventory. You can use the form below for your calculations if you want to do so. However, only the Estimated Ending Inventory blank below the data will be graded.

Net Sales (net) \$144,500
 Estimated gross profit 33%
 Beginning merchandise inventory \$61,638
 Purchases \$70,526
 Cost of Merchandise available for sale \$132,164

Estimated Ending Inventory \$_____

Net Sales:				

10. Edison Company uses return on sales ratio as one of its profitability ratios. Calculate the ratio for 2010 and 2011. Round decimals to three places and percentages to one place.

Year	Sales	Net Income	Return on Sales
2010	26,400	11,500	.
2011	35,150	25,170	

Problem 2 Inventory Valuation Methods

The three most common methods of valuing inventory using a periodic inventory system are listed in the chart below. What will be the effect of each method on the three components in the chart: Net Income, Ending Cost of Inventory, and Cost of Merchandise Sold?

Part A: Rising Prices

In a period of rising costs, indicate the effect of each inventory method on the three Income Statement components in the first column. Use **highest, lowest, and intermediate** as your responses.

Comparison of Inventory Valuation Methods			
	FIFO	LIFO	Weighted Average
<i>Net Income</i>			
<i>Ending Cost of Inventory</i>			
<i>Cost of Merchandise Sold</i>			

Part B: Declining Prices

Refer to Problem 2 above. How will Net Income, Ending Cost of Inventory, and Cost of Merchandise Sold be affected in a period of declining prices?

Comparison of Inventory Valuation Methods			
	FIFO	LIFO	Weighted Average
<i>Net Income</i>			
<i>Ending Cost of Inventory</i>			
<i>Cost of Merchandise Sold</i>			

Problem 3: Uncollectible Accounts

Part A: Estimate Allowance for Uncollectible Accounts

Mangini, Inc. bases its estimated uncollectible accounts receivable on the age of the account—the longer an account is past due, the more likely the account is to become uncollectible. The following chart reflects the December 31, 2011, balance of each customer's account and the age of the account. Complete the **shaded sections** of the chart.

1. Calculate the total accounts receivable and the amount in each age category.
2. Calculate the percentages for each age category.
3. Calculate the total estimated uncollectible amount for all outstanding accounts receivable. .

Customer	Account Balance	Age of Account			
		Less than 30 Days	31-60 Days	61-90 Days	More than 90 Days
Brown, Andrew	325.50	325.50			
Callaghan, Maureen	165.46		46.92		118.54
Freidman, Jerry	142.35	142.35			
Smith, Mary	248.75			161.60	87.15
Paul, Elmer	248.15	48.15	200.00		
Wayne, John	536.80		536.80		
Total Accounts Receivable					
Percentage		0.25%	0.50%	20.00%	80.00%
Estimated Uncollectible
