## Description

The team will work together to create a Web site based on the assigned topic.

## Topic

### **A Greener Home with Alternative Energy Solutions**

Create a Web site that provides information about alternative energy solutions for homeowners. This site should be a resource for homeowners to consult when considering what types of alternative energy solutions would be practical in their geographical area. Information could include possible links to other resources (such as demonstration videos, how-to-sites, etc.), cost calculator for determining savings or installation estimate, information about State or Federal grants or utility rebate programs that may assist the homeowner in offsetting installation cost. The project should follow W3C standards for design and meet accessibility requirements. The site should demonstrate an understanding of design, layout, usability and search engine optimization considerations.

### **JUDGING PROCEDURE**

- Teams will be introduced by team number.
- As a team of judges, formulate two to three questions to ask at the conclusion of the presentation. Be sure to ask the same questions of each team.
- Teams will present before a panel of judges and timekeeper.
- The length of set-up will be no more than five (5) minutes.
- The length of the presentation will be no more than ten (10) minutes; followed by judges' questions not to exceed five (5) minutes.
