Topic

Recent news articles have indicated that a child born in the US today could easily be a centenarian. This increase in life expectancy will present economic challenges in many areas. Research the potential impact on the US economy of the projected increase in life expectancy. Your research may include but is not limited to:

- Effects on the healthcare industry and individual healthcare costs
- Impact on Social Security and Medicare
- Should the retirement age be adjusted?
- Effects of an aging workforce

Contestants who do not submit an entry that follows this topic will be disqualified.
