## Description

The team will use strategic planning and problem-solving skills to provide solutions to the business case study provided. At State and National levels, teams will be presented with an additional element to the scenario that requires revision of their final presentation.

### **Initial Case Study Topic**

PBA Coffee owns a chain of coffee shops across the nation. On December 31, 2016, the firm's general ledger contained the accounts and balances below. All account balances are normal, and in the income tax rate is 30%.

PBA Coffee wants to expand its operations by opening a new store in Columbus, Ohio. PBA Coffee has hired you to prepare their financials and make a presentation to PBA Coffee's management with your recommendation. Your presentation should include, but is not limited to:

- 1. Preparation of a classified income statement and balance sheet for PBA Coffee for the year ended December 31, 2016.
- 2. In-depth analysis of the financial statements, including but not limited to key ratios (such as current ratio, debit ratio, profit margin, and gross profit percentage), trend analysis, and industry analysis.
- 3. A discussion of the benefits of debt vs. equity financing. Assume there are 11,500,000 shares of common stock outstanding (there is no preferred stock) and the stock is currently trading at \$60 per share.
- 4. A recommendation as to how PBA Coffee should proceed.
