Description

Assess use of current desktop technologies and software to prepare and deliver an effective multimedia presentation.

Topic

Choose the type of business you work for (e.g. hospital, school district, business office, manufacturer, etc.) Your employer has recently experienced problems with security and employee dishonesty. Some of the problems include arriving late, leaving early, accessing private areas without the proper authorization, and unauthorized entry by outsiders. Your boss has selected you to research and present information on identity and security technologies your company could implement to help in these and other areas. Create a presentation for your Board of Directors about the various types of available technologies.

Things to consider *must* include, but are *not* limited to:

- Various types of technologies
 - wearable ID and/or embeddable tech
 - biometric technology
 - other new technologies
- Advantages and disadvantages of using this technology in your chosen type of business
- Limit your presentation to the products only; *not* to specific companies that provide the products
- Product lifespan
- Use data to support your presentation
- Follow Copyright Guidelines when using company logos and likenesses

Contestants who do *not* submit an entry that follows this topic will be *disqualified*.
